Received files from the Nevada Senior Games from October 2013 and Palm Springs Senior Games from February 2014 on March 5, 2014. These events are recognized by SPMS and will be considered for Top Ten.

Two relay and one split request event from SCM Championship, December 2014 was not considered for Top Ten submission upon the request of a SPMS swim coach. There was a club affiliation discrepancy from the registration in the USMS database and the swimmers entry online club affiliation. After the conclusion of the meet, the discrepancy was discovered in the swim and relay audit performed by the SPMS Top Ten Recorder. The events swum became exhibition, and therefore did not count toward Top Ten. The Meet Operations Committee is working on a process/policy to prevent this occurrence in the future.

Records and Tabulations Committee have not met since the last SPMS meeting. We are scheduled to meet March 23.
