FINA just passed a new rule regarding the timing system for World Masters records...

**Starting September 21, 2017 timing systems MUST be automatic, with a backup of 1, 2, or 3 semi-automatic buttons in case of pad failure. Watches will no longer be allowed for World Masters records. Please make sure your meet hosts are aware of this. It would probably be helpful if the Sanctions Chair is also aware so that they can notify the meet host as well when sanctioning meets.**

**As Walt Reid says:**

*So NO world record from a*

*Primary = automatic, it fails and the only backup is watches*

*Primary = semi-automatic 3, 2, 1 button.*

*Primary = manual 3, 2, 1 watches.*

Because of this change, USMS will be looking at whether we want to follow suit with USMS records at the upcoming convention in September.

\*\*\*World Top10 timing requirements did not change.

2017 USMS Top Ten SCY results are completed.

2017 SPMS New Records for Men and Women are completed.

Respectfully submitted,
