

Top Ten Report - May 2022

Reviewed & submitted the following meets to the national database:
Rose Bowl Tri Meet, IGLA 2022 Championships. I haven't yet received the meet backup or paperwork from the OC Riptide SCY meet.

There were two (2) USMS Records set at CVMM. Doug Kajiwara from CVMM re-set his own 65-69 Men's 1000 and 1650 Free records.

Please everyone remember to submit split requests if there is the slightest possibility of setting a record or for Top 10. They must be done before the meet ends and cannot be submitted later.

As a reminder, all sanctioned USA Swimming meets are USMS Recognized and although FINA records cannot be set at these meets, times are good for Top 10 and USMS records. If you have a dual registered athlete setting T10 or USMS records at a USA Swimming meet, they must request me to add the meet/their times. I added times for one SPMS swimmer from the USA SCS April Sr Meet at La Mirada.

I have submitted the SPMS Top 10 2021 SCM Individual and Relay times to the SPMS webmaster, Robert Mitchell, and also have submitted the updated SCM Individual and Relay records by Age Group and by Event.

One more reminder--the 2021-2022 SCY Top Ten season started June 1, 2021 and will include swims from both the 2021 Short Course National Championship and 2022 USMS Spring National Championship. The 2021-22 LCM Top Ten season started Oct. 11, 2021 and will include the 2022 USMS Summer National Championship.
