

Top Ten Report - June 2023

Reviewed and submitted the following SPMS meets and records to the USMS website and database.

(A) Pasadena Senior Games SCY (no records),

(B) OC Riptide Aquatics Masters LCM

(1) WR/USMS Record, Christie Ciraulo, WH2O, 70-74W, 800 LCM Free

(C) MVN Masters LCM

(1) WR/USMS record, Christie Ciraulo, WH2O, W70-74, 1500 LCM Free

(2) WR/USMS record, Markus Rogan, UCLA, M40-44, 200 IM

(3) USMS record, Joy Ward, OREG-37, W80-84, 200 IM

(4) WR/USMS record, Andra Jaunzeme, SDSM-SI, W70-74 200 Fly

(5) USMS record, Anne Williams, SDSM-SI, W85-89 50 Breast

There will be two (2) USMS records set from the USA Swimming Grand Challenge. These were set by Gabrielle Rose W45-49 in the 100-200 LCM Breast. Both would have been WR if the meet had been observed by USMS. The 100 Breast by about a second, and the 200 Breast by more than ten (10) seconds. Please coaches, remember that if you have a swimmer with dual registration that you can only set USMS records at a USA Swimming meet unless you get a dual sanction or an observed status from USMS on the same meet.

The 2022 SCM SPMS Top 10 rankings are posted to the SPMS website. The new 2022 SCM Records by Age Group and by Event are also now posted to the SPMS website. Please email me if you find errors.

Please everyone remember to submit split requests if there is the slightest possibility of setting a record or for Top 10. They must be done before the meet ends and cannot be submitted later.

As a reminder, all sanctioned USA Swimming meets are USMS Recognized and although FINA records cannot be set at these meets, times are good for Top 10 and USMS records. If you have a dual registered athlete setting T10 or USMS records at a USA Swimming meet, they must request the meet/times be added.
